Directions: Cut out cards. I have included 2 versions of the cards, just in case you want to SAVE your ink! The cards on this page are to be used as headers to help children sort words by ending pattern. If using in a literacy center, place in a three fold pocket foldable (see picture). Children can place words in the corresponding pockets.

*Teacher tip: For re-teaching or intervention groups, use just one card at a time to narrow the focus and allow for successful practice.

Show What You Know

The following two pages are to be used as independent practice OR an informal assessment tool. The children will need 3 different color highlighters or markers to complete the activities.

On page 10, children will read the passage and highlight the words in the text. To extend this, the children can find additional words that have a short /e/ in the middle.

Magic Tricks

"Mom! I want to go to magic camp," I said one day after school. Magic camp is a place to go to learn how to do tricks. My friend went to magic camp. She had the best time! I have to go! If I go to Magic Camp I can get a black top hat and magic wand. I will have to take a test to see if I am ready to do tricks. If I do well, I can do Magic Tricks all the time!

My Pet Rabbit

I have a brand new pet! It is a rabbit. My rabbit is white and fluffy. We keep the rabbit in a cage. My rabbit can be a pest. Sometimes he gets out of his cage. It is hard to catch him when he gets out. My mom put a collar on my rabbit. There is a bell on the collar. Now if he gets out of his cage, we can find him! We can rest knowing my pet rabbit is safe.
