School Counselor, ELL Support, ESE
services, Student Services Team

Ms. Beza: rbeza@pasco.k12.fl.us

Mrs. Altman, Principal
amaltman@pasco.k12.fl.us
Mrs. Wardell, Assistant Principal
kwardell@pasco.k12.fl.us

Students will...

- ☐ Learn the basics of
computer science
- ☐ Use various technologies
- ☐ Learn how to problem solve
- ☐ Collaborate with others
- ☐ Have fun engaging with tech!

Grading Scale

The following grading scale is used
in PE per the Student Progression
Plan for Pasco County Schools.

E=Excellent
S=Satisfactory
N=Needs Assistance
U=Well Below_
NA=Not assessed at this time

Grades are based on individual
progress and growth over time.

Overview

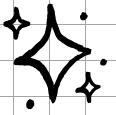

Your elementary student will attend computer science class for 45 minutes, once per week. During this time, the students will learn essential computer science concepts in a fun and engaging manner. This course focuses on building a solid foundation in digital literacy and problem-solving skills. Students will learn about digital citizenship and internet safety, ensuring they understand the basics of responsible technology use from an early age. By working on hands-on projects and interactive exercises, students will build a foundational knowledge of computer science that will serve as a stepping stone for future learning. For specific information on the topics and standards for each grade level visit:
<https://www.cpalms.org/public/search/Course#>.

Supply List

Welcome to STEAM

2025-2026

Expectations

1. Be Respectful
2. Be Responsible
3. Be Ready

If expectations are not followed:

1. Verbal/visual reminder
2. Repeat expectations
3. Classroom level intervention
4. School/Admin Team
5. Office Discipline Referral or Minor Infraction Report (as needed or warranted based on the Student Code of Conduct)

Student Code of Conduct

Assessments

- ☐ Quizzes
- ☐ Unit tests
- ☐ District assessments
- ☐ Observations of skills
- ☐ Progress monitoring

Academic Integrity

The use of Artificial Intelligence (AI) tools in this course is permitted only with explicit instructor approval. Students must disclose and cite any AI-generated content submitted for grading. Unauthorized use of AI to complete assignments or assessments constitutes academic dishonesty and will be addressed per the Pasco Academic Integrity Policy and Student Code of Conduct.

Daily Procedures

1. Arrive to school on time.
2. Turn in homework/projects as assigned.
3. Sit in your assigned seat.
4. Follow school expectations.
5. Participate in class discussions, assignments, assessments, and Special Area classes.
6. Be prepared with materials.
7. DO YOUR BEST!

Controversial Issues Statement

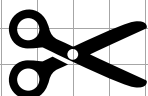

The Board recognizes that a course of study or certain instructional materials may contain content and/or activities that some parents find objectionable. If after careful, personal review of the program lessons and/or materials, a parent indicates to the school that either the content or the activity conflicts with his religious beliefs or value system, the school will consider a written request for his child to be excused from a particular class for specified reasons. The student, however, will not be excused from participating in the course and will be provided alternate learning activities during times of such parent requested absences.

Assignments & Late Work

Deadlines: Student submissions of late work will only be accepted until the end of the curricular unit/module/chapter of study. Teacher's discretion may be exercised with regard to extenuating situations and student needs.

Submission of Work: Class work and homework are due by the teacher assigned date.

Late Submissions: After the established deadline, teachers may apply a penalty for late submissions, not exceeding 50% total deduction of the value of the assignment. For students who have IEP/504 accommodations, penalties will not apply until extended time has elapsed.

Student

I have read the course syllabus and understand what is required of me.
